Armageddon is Greek, from Hebrew; Mount Megiddo, found only in Revelation 16:16 for the final battle will be between good and evil in the Valley of Megiddo.

There was a Christmas play at Trinity Chapel in Compton on 12/19/04 in the evening. It was a very well done play & full of the Spirit of God. The music was put together by Greg Alexander, who has an excellent voice himself. The Royal Ranger boys were all through the play. If you weren't there, you missed a great one. All the performers were great! There were many dignitaries there also. What a great night.

The Commander's Conference is the last Saturday in January. You don't want to miss it. There will be L.T.A. classes available if you want to get ahead in your training towards your L.M.A.
